

REPREVE® is the world's number one, branded recycled performance fiber.
 High-quality, recycled fibers are certified and traceable, and made from 100% recycled materials, including post-consumer plastic bottles and pre-consumer waste.

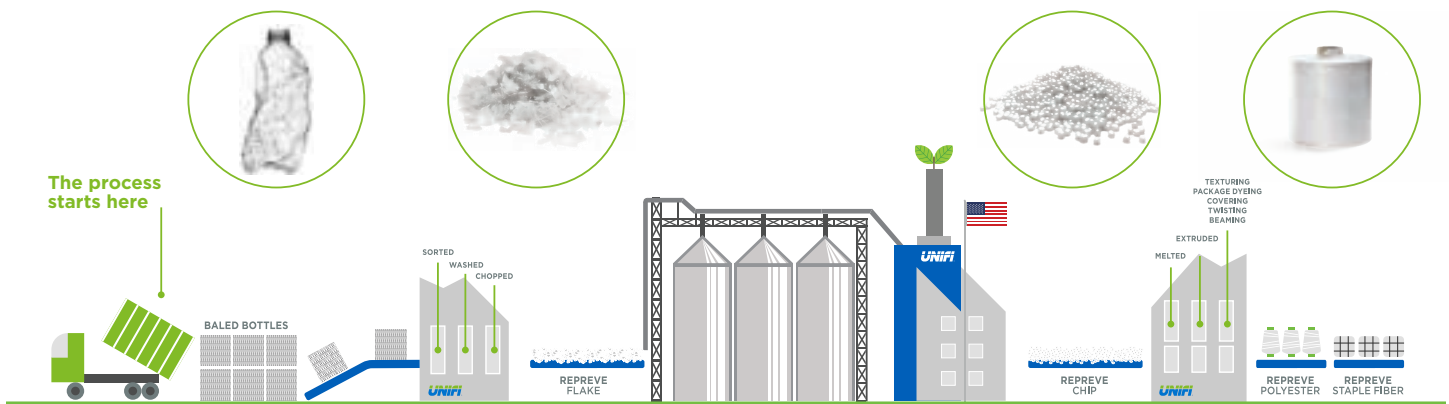

You can take sustainability even further by combining REPREVE fiber with performance technologies to create benefits that consumers want and demand.

Transparent. Traceable. Certified.

FiberPrint® technology helps customers avoid false environmental claims with our U Trust® verification program.

Process

30 Billion Plastic Bottles Recycled

Eco Facts Savings

REPREVE fiber reduces energy, water consumption and greenhouse gas emissions.

- ⚡ Generates enough energy to power **283,000 homes** for 1 year or Provides energy equivalent to burning **222 million gallons** of gas
- 💧 Provides **3.5 million people** their typical daily drinking water for 1 year or Saves over **675 million gallons** of water
- ☁ Improves air quality by avoiding **775 million kgs** of CO₂e emissions or Eliminates CO₂e emissions from the consumption of **1.8 million barrels** of oil
