In accordance with normal trade practice batch to batch variations may occur within commercial tolerances. Samples shown on this card are a guide and current production may differ marginally. We reserve the right to alter specifications without notice. FR testing is predictive and customers must ensure their complete furniture meets the necessary standards. All values and measurements are approximate

Billions of plastic bottles go into landfills every year. **REPREVE** is a leading, trusted, brand of performance fiber made from recycled materials including plastic bottles. Products made with **REPREVE** make a difference. Compared to new virgin fiber, **REPREVE** offsets using new petroleum, emitting fewer greenhouse gases and conserving water and energy in the process making a difference for our future.
